As of right now they are only on contract for repairs. We are still working to get them on contract for supplies and equipment. If there is a specific Agilent part you need that you can not get through Fisher or VWR my best suggestion is to try GSS.

Subject: Agilent?

Hi Mike,
Is Agilent a vendor for supplies or equipment? If it's OK for supplies, how do I get pricing? Do I just get price quote?

Thanks,
